

Panton Junior

Verner Panton, 1959/2006

vitra.

With its bright, cheerful colours and smooth curves, the Panton Chair has always been a favourite of children. This led Verner Panton to consider the idea of producing a child-size version of the chair together with Vitra over 35 years ago.

Proving impossible at the time for economic reasons, this aim was finally achieved in 2006 with the introduction of Panton Junior, a chair based on the designer's original plans. Identical to the regular model with regard to material and shape, the children's chair is approximately 25 percent smaller than the full-size Panton Chair.

Materials

- **Back, seat and base:** dyed-through polypropylene. Matt finish.

Outdoor use: suitable for utilisation outdoors on a temporary or seasonal basis, following care instructions. After prolonged exposure to the elements, clean and store away in a dry, sheltered place to ensure lasting use and avoid any deterioration in appearance.

- **Safety information:** chair suitable for children aged 3 to 10 and for max. 34 kg (74 lbs). For children under the age of 3, there is an increased risk of a fall or of the chair tipping over. Do not let your child climb on the chair. Always make sure the chair is used in a safe place. A chair standing by a window, for example, may result in a child falling from a dangerous height.
