

# KIDS WALL LAMP COLLECTION

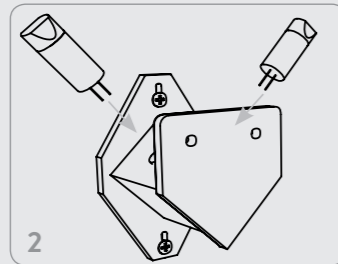

PRODUCT INFO

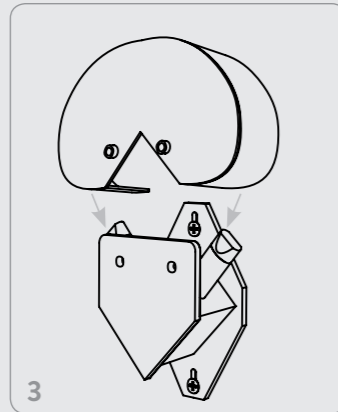

## EASY TO COLLECT

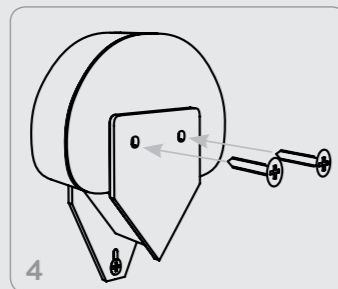

1. Place the lamp socket on the wall and secure it with two of the included screws

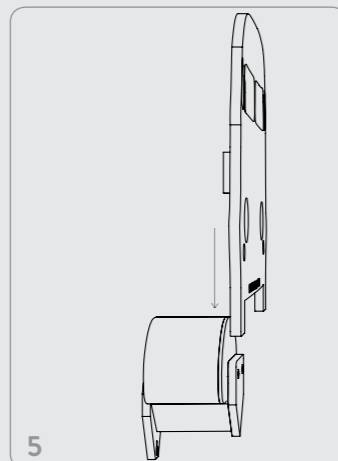

2. Put in two LED light sources

3. Take the plastic cover and place it above the LED light sources

4. Fasten the plastic cover to the lamp socket with two of the included screws

5. Take the front of the lamp and slide it down on the front area on the lamp socket. Connect the LED driver to the lamp and then to the supply

## KIDS WALL LAMP COLLECTION

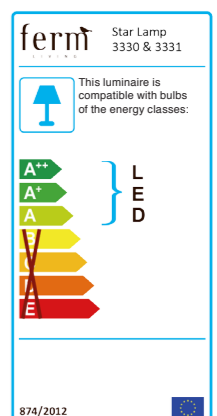

Design by ferm LIVING

Our selection of wall lamps for the kids' room add colours and fun motifs for any mood. Cute animals of the forest and the savannah or bright stars and little planets turn the kids' room into a fanciful place where the only boundary is the imagination.

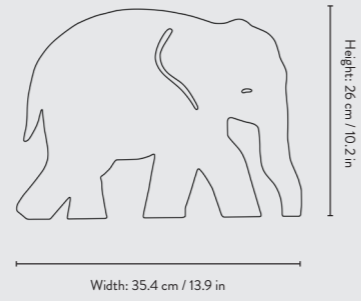

All children's lamps are made with a front cover, hiding the bulb on the back. That way, they provide nice and indirect light and makes for a perfect night light or spot for daytime dreaming.
