Famous architect duo, Federico Correa and Alfonso Milá, once again enlisted the help of Alfonso's younger brother-designer Miguel Milá for this project. They were commissioned to design the lighting in the new office of Barcelona Mayor Pasqual Maragall, who oversaw the city's successful bid for the 1992 Olympics. The administrative office would be visited by a large body of the international political community and was in urgent need of a revamp that would showcase the high standard of Barcelona design on the world stage. Santa & Cole produced the original lamps, and in 1995 the company embarked on limited production of this series of lamps, named after the mayor's wife.

The Diana lamp is slender, sturdy and well-defined. The lamp is balanced by a wide metal base, completed with a slightly conical white linen shade. Two bulbs are arranged such as to provide lighting without creating shadows. The Diana effortlessly combines a classic air with a modern design, both at home and at the office.

General description:

Metal structure with shiny gold or satin nickel finish.

White linen lampshade with translucent white parchment upper diffuser or black linen lampshade with stone parchment upper diffuser.

Upper diffuser for energy saving bulbs only (LED/compact fluorescent).

Electric cable length: 2,25 m / 88.6"

Approximate weight (unpacked):

(A) Diana Menor: 3,8 kg / 8.3 lb

(B) Diana: 4 kg / 8.8 lb

Technical information:

Includes dimmable light source (CE market):

(A) Diana Menor

2 x LED bulb: 4,5 W / 470 lm / 2700K / A++ (subject to updates in LED technology).

E27 - E26 / Max. hgt. 105 mm / 4.1" / Max. power 2 x 40 W

(B) Diana

2 x LED bulb: 12 W / 1.521 lm / 2700K / A++ (subject to updates in LED technology).

E27 - E26 / Max. hgt. 130 mm / 5.1" / Max. power 2 x 50 W

Includes dimmer (dimmable light source required).

Compatible with bulbs of the Energy efficiency class (E.E.C): A++... E.

Suitable only for indoor use.

Always use the light source recommended or equivalent.

Input voltage: 100, 120, 230 Vac.

(50 Hz / 60 Hz). According to destination
